

RELi³ON[®]

GOLF CART DEALER PROGRAM

Grow Your Business with a Superior Lithium Golf Cart Battery

WHY CHOOSE RELiON?

PARTNERING FOR MUTUAL SUCCESS

Our passion for quality, innovation and changing the lithium battery market is a mission that starts at the top and permeates everything we do. Through hard work and humility, talented teams trained to the highest industry standards, and genuine care and concern for our partners, we know RELiON can help drive your business forward.

PRODUCTS ENGINEERED IN THE USA

Our Seattle-based engineering team works hand-in-hand with our manufacturing facilities to ensure quality products that perform. Not only are we committed and able to deliver the best products, but we are proud to say our factory is ISO 9001:20015 certified, our lithium batteries are UL2271 and UN38.3 certified - meeting the highest certification standards in the industry.

UNMATCHED EXPERTISE

With over 190 years of combined battery experience, our team always has a solution to any issue that could arise. Even better? Our products are superior when compared to competitors because of the talent of RELiON engineers and designers.

TECHNICAL SUPPORT TEAM

We may be a global company, but our team of customer service representatives and engineers are located in the United States, giving you quick and easy access when you need help.

DEDICATED SUPPORT & TRAINING

When you become a RELiON dealer, we invest in YOU and your business. With that, we provide training, webinars and more to ensure you are confident when selling our lithium batteries.

ONGOING MARKETING SUPPORT

Need marketing help? We have you covered! Our marketing efforts don't just raise awareness and demand for our brand. We work really hard every day creating content that educates our customers to help make their purchase decision an easy one! As part of our dealer package, you get access to our Partner Portal where we house all the materials you need including logos, images, brochures and more.

Plus, we can help promote your business through our **website, email newsletters, social media** and more.

PARTNER WITH A GLOBAL LEADER

We have partners on
all 7 continents

WE USE OUR BUSINESS FOR GOOD

RELiON is more than a manufacturer of lithium batteries. We are stewards of our environment and use our business as a force for good in everything we do. We call this Limitless Blue. We challenge ourselves to improve our planet and, hopefully, inspire others to do the same.

As 1% for the Planet members, we donate 1% of our revenue each year to non-profits solving the most pressing environmental challenges of our time.

INSIGHT SERIES

Bring the Best Lithium Battery to Your Business

Insight features all the benefits of lithium batteries – longer life, no maintenance, faster charging – with even more intelligent features built-in. From its superior battery design to its one-of-a-kind BMS and intuitive software, InSight batteries offers exclusive advantages you won't find in competitive products. Making it an exceptional return on investment for years to come.

EASY INSTALLATION

InSight is a true drop-in solution for 48V vehicles. It's a 48V, 30Ah GC2/GC8 battery so there are no tray modifications needed. The most challenging part will be removing the heavy lead-acid batteries from the vehicle!

FLEXIBILITY TO SCALE UP CAPACITY

InSight batteries offer freedom and flexibility. They are connected in parallel (up to 10) which means customers can scale their system to provide increased power and energy (up to 300Ah) as needed.

SUPERSMART BMS™

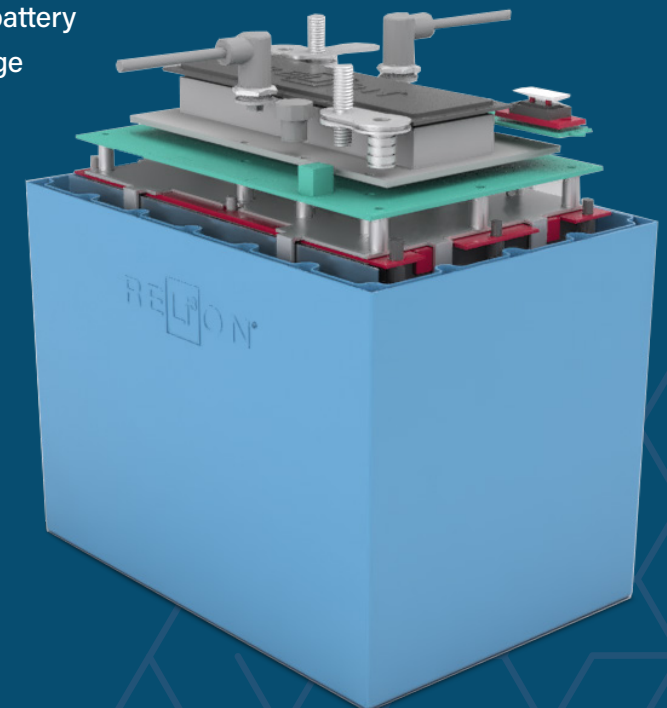

InSight batteries have numerous advantages over competitors, starting with its SuperSmart BMS and intuitive Software - the most crucial components in a lithium battery. Learning algorithms make InSight the only lithium battery capable of calculating state of charge and state of health that gets even more accurate over time.

INTELLIGENT COOLING

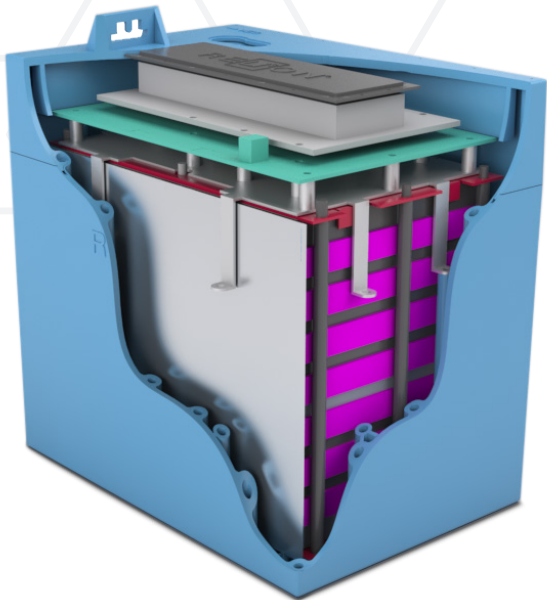

Unlike other lithium batteries that can trap heat, the InSight Series uses a carefully engineered cooling management system to quickly remove heat from inside the battery during conditions of high discharge and recharge currents. This prevents over-heating of critical components, which also extends the life of the battery.

MANAGES REGENERATIVE CURRENTS

Other lithium batteries can't manage regenerative currents, mainly because the battery can't tell the difference between a charge current and a regen current. InSight batteries feature proprietary software that determines and safely manages regen currents - avoiding unnecessary battery disconnects.

WE STAND BEHIND OUR PRODUCT!
7 YEAR WARRANTY

SUPERIOR CONSTRUCTION

Your customers can customize a lot about their golf car, but they can't customize their battery. That's for us to do, and you can trust that we did it right. Not only are InSight batteries smarter, but they're also built to the highest quality standards.

CONSTRUCTIONAL DIFFERENCES BETWEEN INSIGHT AND COMPETITIVE PRODUCTS

DIFFERENTIATOR	BENEFIT
Each Cell is Encased in Aluminum	Provides dimensional stability
Steel Battery Bracket	Provides vibration and shock resistance
External Heat Sink	Keeps BMS cool by providing heat dissipation to outside
BMS Bolted to Heat Sink	Reduces vibration and prevents accidental faults due to vibration and it extends battery life
Bolted Connections to BMS	Provides stable mechanical and electrical connections
Positive and Negative BusBar	Creates an exceptional current collector
IP67 Rated Casing	Ensures water, dust and splash-resistance
UL2271 Certified	Tested to the highest standards

PRICING OPTIONS TO FIT YOUR BUSINESS

We offer dealer packages that allow you to choose your level of partnership. With pricing incentives, options for free freight, complimentary chargers, spacers, and more. We're confident we can develop the right package to fit the needs of your business.

	MINI PACKAGE	STANDARD PACKAGE	JUMBO PACKAGE
Product	LIT-48V030-GC2-001	LIT-48V030-GC2-001	LIT-48V030-GC2-001
Price Per Battery	\$1,055 \$850	\$1,055 \$815	\$1,055 \$770
Battery Quantity Per Order	4 - 11	12 - 19	40+
Freight		FREE	FREE
Complimentary Chargers		1	4
Complimentary Spacers		8	60

Pro Charging System
48V 18A Off-Board Charger **\$329.41** 48V 18A On-Board Charger/Connector Cable Included **\$329.41**

InSight Spacer Batteries **\$20/EACH**
